ASSEMBLY QUESTION : OCTOBER 1947 : PUBLIC SERVICES : STERIAL SERICES : SELECTION OF CANDIDATES BY MADRAS IC SERVICE COMMISSION : ALLOTMENT TO DISTRICTS CHOSEN ANDIDATES IN ORDER OF PREFERENCE : PAPERS RECORDED.

Extract from the Proceedings of the Madras Legislative Assembly dated the 4th November 1947 - Starred Question No.766.

SRI V. RAGHAVAYYA: Will the hon. the Home Minister be pleased to state -

(a) whether it is a fact that candidates selected by the Madras Public Service Commission for Ministerial Services were not posted in any of the three districts chosen by them in the order of preference; and

(b) if so, whether there is any proposal to transfer them to the chosen districts?

THE HON. DR. P. SUBBARAYAN: (a) Under the orders on the subject, candidates are permitted to specify in their applications their choice of districts in which they wish to be appointed in the case of the Madras Ministerial Service and the Madras Judicial Ministerial Service and among those eventually selected for tiehr service or department in a language area, preference for districts will be repsected as far as possible. The Commission has, however, the power to assign any candidate to any district in his language area, if the exigencies of the public service render this desirable. It is, therfore, possible that some of the candidates were not appointed in the districts of their choice, but this cannot be helped. They would nevertheless have been appointed in their language area.

(b) The answer is in the negative.

SRI V. RAGHAVAYYA: In view of the fact that retaining the candidates in the distrcts they have preferred would conduce to economy both to the Government and to the services by way of saving much transit charges and travelling expenses, will the Government try to put them back in the districts they have chosen?

THE HON. DR. P. SUBBARAYAN: As I have said in the answer itself, it is not always possible to do this; but as far as possible, the Commission are trying to assign candidates to the areas they prefer; but if in spite of it, they have to be appointed to other areas, that has got to be done. Therefore, the Government have to take it that this is being done according to the convenince of the services.

SRI V. RAGHAVAYYA: In case it is poss ble in future by way of mutual adjustment and in case the Government do not feel much difficulty in complying with the request of these servants, will the Government try to help them by giving instructions to the District Collectors and the Board of Revenue.

THE HON. DR. P. SUBBARAYAN: This will certainly be done provided there will be no sort of indiscipline in the matter of these transfers.

SRI K. VARADACHARI: Will the Government be pleased to suggest to the Collectors of the districts to exchange these clerks?

THE HON. DR. P. SUBBARAYAN: If applications are made, they will be considered; but I give no undertaking.

SRI V.I. MUNISWAMI PILLAI: Due to the great hardship of Harijan candidates due to transfer from one district to another, will the Government consider the question of placing them in the very districts where they live?

THE HON. DR. P. SUBBARAYAN: I believe that is what is being done; and in view of what the hon.Gentleman has said, I am prepared to find out and give every facility that is necessary for this purpose.
